

Inside the Sensory Room

1

Inside the Sensory Room, the museum may be a bit darker. It may be cold with music and other sounds. Other people may also be in the Sensory Room.

2

Some things in the Sensory Room are for touching. Some things are only for seeing or listening.

3

There will be some activities inside the Sensory Room that you can do. You can play with colorful pebbles and shapes on the light tables.

4

You can play with colorful light blocks.

5

If you need a break, you can sit quietly inside the Sensory Room.

6

You can also use talking voices while inside the Sensory Room.
