

Sensory Sunday Participant Guide

August 23, 2026

Introduction

Thank you for joining us for our Sensory Sunday! The Museum is committed to providing inclusive experiences for all visitors and we are excited to welcome you at the museum for this special program series. Designed for families of children, teenagers, and young adults with disabilities who are neurodiverse, on the autism spectrum, or have sensory processing disorders or cognitive disabilities, Sensory Sundays provide a sensory inclusive experience during your visit to the Museum. Enjoy building block activities, a sensory room, and a touch tour of our permanent exhibition, *Tropical Dreams: A People's History of South Florida*, or explore the museum's exhibitions at your own pace.

Spaces in the museum will have modified lighting and sound to support a sensory inclusive environment. Quiet areas and a sensory room will also be available. Community resource providers will be available on-site.

Our Sensory Sunday programming will take place before the museum is open to the public from 10:00 am – 1:00 pm.

Requesting Accommodations

The Museum of Miami is committed to providing inclusive experiences for all visitors.
